HAROLD KUNSTMAN ASPHYXIATES SELF

South Bend Young Man Found Dying in Room in Chicago Hotel.

South Bend's long list of recent suicides was increased last night when news reached here that Harold Boyd Kunstman, 22 years old, son of Mrs. Andrew Kunstman of the Kunstman estate, had died by asphyxiation in a South State st. hotel in Chicago during the afternoon. Guests at the hotel, noticing escaping gas fumes from the room occupied by Kunstman, broke down the door and found the young man unconscious. He died an hour later.

Kunstman came here from Arizona to visit his mother a week ago, just at the time the city was experiencing its tragedy wave. He was said to have been ill at the time. According to friends, he went to Chicago Wednesday to consult a physician. He registered at the South State st. hotel Wednesday night and was seen there until Thursday noon when he entered his room. There he closed all openings and stuffed papers under the door, after which he turned on the gas jet and laid down upon the bed. Some time later the escaping gas was noticed and entrance was gained to the room. Kunstman was unconscious and although physicians were summoned, their efforts were useless.

No Cause Known. Relatives here last night were unable to give any of the details of the tragedy. They had been informed of the young man's death and plans being made for bringing his body back here. No cause for the act would be advanced.

Kunstman was a musician of rare talent, having studied under many prominent instructors. He attended the South Bend high school. Andrew Kunstman, his father, died about 10 years ago, leaving a fortune estimated at \$200,000 in trust for Harold and sister Rita, who died two years ago in the south. Kunstman is said to have been suffering from a malady for several years. He spent some time in a Canadian sanitarium, leaving there about a year ago for Arizona. His mother is at present at the Kunstman estate on W. Washington av. She is an invalid and last night had not been informed of her son's death, according to relatives.

The Kunstman estate includes several apartment buildings and a business block on Michigan st.

RAISE 25 FEET IN MILE OF PENNIES

Kaley School Children Start Fund for Recreation Purposes.

Twenty-five feet in the mile of pennies being raised by the children of the Kaley school district have been secured, according to a report made Thursday night at the meeting of the Mothers' Culture club of the Kaley school at the home of Mrs. Thomas Fildmore, 2609 Kenwood av. The mile of pennies is to be devoted to the Kaley district for recreation or school purposes.

Each foot contains 16 pennies, and the children so far have raised \$4 in the 25 feet. The mile is cut into stripes of paper one foot in length, containing slits in which the pennies may be deposited. When the mile is secured a sum equalling \$544.80 will have been raised.

The pennies come from the savings of the children, the purpose being to teach them to contribute toward worthy charity early in life. They are being taught also by the mothers that their pennies are to be invested for recreation or school betterment in their own district and that they will reap the benefit.

Plans were completed at the meeting last night for serving refreshments at the playground exhibition to be given Saturday. Ice cream and cake will be served at the grounds during the course of the dances and athletic contests.

The constitution and bylaws considered at the last meeting were adopted. It was also decided that two delegates from the club should be sent to the first meeting this year of the Women's Civic league, and that two representatives should attend the garden product and flower meeting in the municipal recreation director's office in the high school. The next meeting will be held Sept. 9 at the Kaley school house, at which a speaker will talk and a formal program will be presented.

Mrs. O. E. Gelbrich in discussing plans for the playground exhibition to be held Saturday, announced that she was withholding a number of attractive features which had been planned as surprises for the day. Just what the nature of these was she declined to reveal. The program at the playgrounds will begin at 2 o'clock and last until 6.

"CAP" SHUEY TO GET PENSION FROM FORD

South Bend Man to be Rewarded for Services Given Detroit Maker in Early Days.

Having been one of the earliest purchasers of Ford cars and acted as agents for the same machine for a number of years, "Cap" M. A. Shuey is to be rewarded by the great automobile manufacturer. Henry Ford, for his services and energetic interest. Representatives of the Ford Motor Car Co. have been in South Bend making inquiries for the purpose of granting a pension to Mr. Shuey.

Years ago, when the automobile industry was but in its infancy, Mr. Shuey, seeing the possibilities in the business, became a salesman. One day a prospective buyer came to him, but declared he was wanting a light car. The two went to Detroit in search of a certain Ford, said to be making light cars. In an obscure alley a ramshackle building was finally located. Under the rule of God is composed of the animals, planets, stars, good people and plants. God rules everything in existence except the sinful people of the world; they are ruled by their wicked souls which are also under the care of the devil. The Lord rules three great symbols in life—truth, love and sacrifice.

Since Mr. Shuey's retirement from active work some time ago, friends have informed Henry Ford of his failing health and the big man in the automobile world has signified his intention of providing the South Bend man with ample reward for his services.

TAYLOR NIGHT OBSERVED

Hold Anniversary of First Convert at City Rescue Mission.

Taylor night, celebrating the first anniversary of the first convert of the City Rescue mission, was held last night at the mission on E. Jefferson blvd., when Rev. Frank K. Dougherty, pastor of Grace Methodist church, delivered an address on the theme, "The Kingdom Come."

C. E. Taylor, the first convert, led the meeting and during a short talk he related his history since his conversion, telling of the good it has been to him in a number of instances. Since his conversion, Taylor and Mrs. Taylor have attended the Moody institute of Chicago for three months. He spoke of cases in which his ability and power as a Christian was taxed to its utmost, but each time the good in him overcame the bad and during the past year he has accomplished more than in the other 27 years of his life, he said.

Rev. Dougherty spoke of the kingdom of God, saying: "The kingdom under the rule of God is composed of the animals, planets, stars, good people and plants. God rules everything in existence except the sinful people of the world; they are ruled by their wicked souls which are also under the care of the devil.
